Customer Journey Map

Map out the customer's experience stage-by-stage, capturing their actions, touchpoints, thoughts, and feelings, along with process ownership and improvement opportunities at each stage.

Phase of Journey	Stage 1: Discovery & Onboarding	Stage 2: Active Learning & Interaction	Stage 3: Review & Progress
Actions <i>What does the customer do?</i>	- Opens EduGenie in browser - Reads available features on homepage - Chooses a learning mode (Q&A; / Quiz / Explain)	- Types a question or topic - Selects module (Quiz / Summarize / Learn Path) - Reads AI-generated response or quiz	- Reviews quiz scores and answers - Re-asks questions for deeper understanding - Saves or notes the learning path
Touchpoint <i>What part of the service do they interact with?</i>	- EduGenie homepage UI - Feature selection buttons - Topic input field	/qa and /explain endpoints /quiz and /summarize endpoints /learn/recommendations endpoint	- Quiz result display - AI explanation panel - Learning roadmap output
Customer Thought <i>What is the customer thinking?</i>	- Can this really explain things simply? - I hope it covers my subject area - Let me try asking about Pythagoras theorem	- This explanation is much clearer than my textbook! - I want to test myself on this topic now - Can it give me a full SQL learning roadmap?	- I should revisit the topics I got wrong - This roadmap makes learning feel structured - I'll use this before every exam
Customer Feeling <i>What is the customer feeling?</i>	- Curious and slightly skeptical - Hopeful about saving study time - Excited to try the quiz feature	- Impressed by accuracy and speed - Engaged and motivated to learn more - Satisfied with personalized responses	- Confident about their understanding - Relieved to have a clear study plan - Motivated to continue learning
Process Ownership <i>Who is in the lead on this?</i>	Frontend Team (Pavan Varma Uddaraju) UI/UX & Onboarding Flow	Backend Team (Naresh C, Voruganti Krishna Sanket) API Integration & Response Logic	Full Team (Humaira Tasneem Syed, Sai Subash Raja Kosaraju) Testing & Output Quality
Opportunities <i>How can we improve this stage?</i>	- Add a short walkthrough / tutorial on first visit - Show example queries to guide new users - Add subject-selection dropdown for faster navigation	- Implement response history so users can revisit answers - Add 'Explain more simply' button for complex answers - Allow PDF/text upload for summarization	- Add progress tracker for learning paths - Email or download quiz results as PDF - Recommend next topics based on quiz performance
