Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges.

Problem Statements for EduGenie:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A student struggling to understand complex academic concepts.	Understand difficult topics quickly and clearly.	I can't find simple, reliable explanations easily.	Textbooks are dense and search results are overwhelming.	Confused and frustrated.
PS-2	A self-learner preparing for exams or certifications.	Test my knowledge through quizzes on specific topics.	I have no personalized quiz tool available instantly.	Generic quiz apps don't match my exact study material.	Underprepared and anxious.
PS-3	An educator wanting to summarize lengthy study materials.	Create concise summaries of long educational texts.	Manual summarization is time-consuming.	I have many documents and limited time.	Overwhelmed and inefficient.
PS-4	A beginner learner interested in a new subject like SQL.	Get a structured, personalized learning roadmap.	I don't know where to start or how to progress.	There's no guided path tailored to my skill level.	Lost and unmotivated.
